

Uniting Innovation, Engineering, Manufacturing, and Distribution

Your Supplier for Locomotive Truck Parts

Proudly offering our full
line of manufactured
BRAKE HEADS.

PowerRail manufactures and supplies all OEM
standard and canted EMD & GE-style brake heads.

- EMD Switchers with Flexible or Universal trucks
- GP Locomotives with Clasp & Single Shoe Brake Applications
- SD Locomotives with Flexicoil, HTC, & HPCR trucks
- GE Locomotives with 2 and 3 Axle Trucks

Also offering thermoplastic bushings as a superior
alternative to steel. Our A153/S bushings have years of
proven success, and are confirmed to prevent brake head
seizures and provide enhanced wear properties that will
extend the life of your pins, bushings, and brake rigging.
